

## **CICIoT2023: A real-time dataset and benchmark for large-scale attacks in IoT environment**

Euclides Carlos Pinto Neto, Sajjad Dadkhah, Raphael Ferreira, Alireza Zohourian, Rongxing Lu, Ali A. Ghorbani

### **PCAP**

This Folder shows all the original traffic collected in .pcap files. To simplify the download process, we have split the data using TCPDump into multiple files of, at most, 2GB. This leads some attacks to have several internal .pcap files (e.g., DDoS).

If you intend to merge them, you can use Mergecap (described into the Supplementary Materials directory).
